Number 1 is a voucher gift code which is set up automatically for a user with an finalized order and it can be used by its owner. The code is given randomly to 20 other users which can use it once. The voucher reduces the shopping fee to its half even if used by its owner. The voucher is good for 20 uses but this number rises if the owner uses the voucher code himself. To use the voucher code it simply is added to the shops url like shown on arrow 3. If this url is used for logging in to outlaw market the owner gets 1% of the sales that will be made no matter if it's used by its owner or some other customer.

Voucher Code 2 is made by a vendor. It can be good for one special customer or all costumers of the outlaw market at all. Further the vendor decides if the voucher code is valid for all of the vendors listings or one special item. The vendor sets up how long the voucher is valid, its maximum usage and its worth. The shipping fee can be parted or set to zero and/or how many % discount are granted. How this voucher gift code is used will be shown at the end of this document.

3 is a promotion code set up by a admin for users who want to make promotion for the outlaw market. Like voucher code 1 it is mend to be added to the shops url and it grants the owner of the code 1% of all sales that are made by using this url to enter the outlaw market.

HOW TO USE THE VOUCHER CODE:

The screenshot shows a web interface for 'EXIT OUTLAW'. At the top is a banner with various icons and the text 'EXIT OUTLAW'. Below the banner is a search and filter section. A red box labeled '1' highlights the search area, which includes a dropdown menu with 'marx1900' selected, a quantity dropdown with '10' selected, a 'show pics' checkbox, and an 'apply' button. To the right of the search area is a 'Choose:' dropdown with 'ALL' selected and a 'Ship to:' dropdown with 'DE-GERMANY' selected. A red box labeled '2' highlights the 'marx1900: BT44' dropdown menu. Below the search and filter section is a product details section. A red box labeled '3' highlights the product details, which include a small image of the product, the text 'marx1900: andere (Quality: highest / purest): 1x Customized Order 4 marsmove Only', a 'discount:' box showing '4 EUR', '20 EUR', '0 EUR', and '1.19 EUR', a 'Customers' comments:' section with a text area, a 'Packaging:' section with a star rating, and a 'Quality:' section with a star rating. There are also buttons for 'grab' and 'show'.

1 € = 457 EUR
1 € = 636 USD
